

# PAST AWARD RECIPIENTS

As we prepare to nominate recipients for the 2007 MNSOTA awards, we recognize and congratulate past recipients for their work in enhancing the string community within the state.

MN ASTA awards began in 1986 when *Teacher of the Year* and *Outstanding Community Service* awards were first presented. The following year, the *Meritorious Orchestra* award was added to recognize on-going excellence in a school or youth orchestra program. In 1990, *Outstanding String Educator* was added to recognize significant achievements in school teaching. This award was renamed

*Master String Educator* in 1997. In 1990 and 1991, two awards for individual accomplishments were presented, one named *Teacher of the Year* and one named *Master Teacher*. Since 1992, this award has been known as *Master Teacher*. MNSOA awarded *Teacher of the Year* from 1996–1997.

Beginning in 1998, MNSOTA has presented four annual awards: Master Teacher: Studio, Master Teacher: School Orchestra, Meritorious Orchestra Program, and Community Service Award. Nominate a colleague for an award this year!
